### Editorials

#### 467 **Smartphone use and headaches: Are we ready to accept a link?**

Heidi Moawad and Elaine Jones

#### 469 **Diagnosing spinal cord ischemia: Are we doing enough catheter angiography?**

Robert J. Young, Jason H. Huang, and Ruth Thieux

#### 471 **Functional neurologic disorders: Bringing the informal and hidden curriculum to light**

Laura A. Strom

### Research

#### 473 **Smartphone use and primary headache: A cross-sectional hospital-based study**

Pratik Uttarwar, Deepti Vibha, Kameshwar Prasad, Achal Kumar Srivastava, Awadh Kishor Pandit, and Sada Nand Dwivedi

➔ Editorial, p. 467

#### 480 **Spinal cord transient ischemic attack: Insights from a series of spontaneous spinal cord infarction**

Stephen W. English, Alejandro A. Rabinstein, Eoin P. Flanagan, and Nicholas L. Zalewski

➔ Editorial, p. 469

### Commentary

#### 484 **Cautionary notes on diagnosing functional neurologic disorder as a neurologist-in-training**

David L. Perez, Ann Hunt, Nutan Sharma, Alice Flaherty, David Caplan, and Jeremy D. Schmahmann

➔ Editorial, p. 471

### Review

#### 488 **Treatment of migraine in patients with CADASIL: A systematic review and meta-analysis**

Patrick A. Glover, Eric D. Goldstein, Mohammed K. Badi, Tara J. Brigham, Elizabeth R. Lesser, Thomas G. Brott, and James F. Meschia

### Research

#### 497 **Dengue and chikungunya infection in neurologic disorders from endemic areas in Brazil**

Cintia da Silva Mello, Mauro Jorge Cabral-Castro, Luiz Claudio Silva de Faria, José Mauro Peralta, and Marzia Puccioni-Sohler

Open Access

#### 503 **Sphenopalatine ganglion block in primary headaches: An American Headache Society member survey**

John G. Burkett, Matthew S. Robbins, Carrie E. Robertson, Mihriye Mete, Nicolas P. Saikali, Rashmi B. Halker Singh, and Jessica Ailani

#### 510 **Lymphocyte reconstitution after DMF discontinuation in clinical trial and real-world patients with MS**

Andrew Chan, John Rose, Enrique Alvarez, Amit Bar-Or, Helmut Butzkueven, Robert J. Fox, Ralf Gold, Mark Gudesblatt, Jodi Haartsen, Tim Spelman, Katy Wright, Diana Ferraro, Patrizia Sola, Suzanne Hodgkinson, Tomas Kalincik, Jeannette Lechner-Scott, Christopher McGuigan, Karen Spach, Chongshu Chen, Sami Fam, Fan Wu, and Catherine Miller

Open Access

### Review

#### 520 **Considering learning disabilities and attention-deficit hyperactivity disorder when assessing for neurodegenerative disease**

Mary K. Colvin and Janet C. Sherman

### Research

#### 527 **Neurology clinicians' views on palliative care communication: "How do you frame this?"**

April Zehm, Amanda M. Hazeltine, Joseph A. Greer, Lara Traeger, Margaret Nelson-Lowe, Kate Brizzi, and Juliet Jacobsen
